

EARTH LABS

METHYL SPORES

A DIETARY SUPPLEMENT TO SUPPORT IMMUNE SYSTEM FUNCTION*

A Dietary Supplement to Support Immune System Function*

Recommended For:

- Serious immune system support*
- Supporting the activity of macrophages and T killer cells*
- Supporting the release of interleukins and cytokines which activate immune cells*
- Supporting apoptosis*
- Normalizing body functions*
- Helping the body cope with stress*

Methyl Spores is a combination of two well-researched nutrients:

- Maitake PD-Fraction®
- Gluconic® DMG

About the Nutrients

- Maitake is a mushroom that has been used in traditional Japanese herbalism for hundreds of years. Maitake Mushroom has a high nutritional profile, enhances the immune system, helps the body cope with stress and normalizes body functions, and is rich in Beta-Glucans.*
- **Beta-Glucans** are polysaccharides that support immune system activation.*
- **Maitake PD-Fraction®** is a trademarked brand of highly purified, standardized extract of Maitake mushroom that yields 30% pure *D-Fraction*.
- ***D-Fraction*** has been extensively researched and is a highly concentrated source of Beta-1,6-Glucans, which has a higher ability to support macrophages, T killer cells, support release of interleukins and cytokines that activate immune cells, and support the immune system.*
- The *D-Fraction* from Maitake Product Inc. is the only Maitake product that has been approved by the FDA for conducting phase 2 clinical studies (IND #54,589).*

Research and clinical experience has shown that DMG supplementation can:

- Support oxygen utilization and thereby reduce low oxygen states in the body.*
- Support immune system function.*
- Act as an indirect methyl donor and provide useful building units for the biosynthesis of vitamins, hormones, neurotransmitters, antibodies, nucleic acids and metabolically active molecules.*

Methyl Spores brings together two potent nutrients that can help support immune system function and help maintain optimal health.*

Supplement Facts

Serving Size: 1 ml

Amount Per Serving

Maitake PD-Fraction® (<i>Grifola frondosa</i>)	
fruiting body extract	30 mg
Yielding: <i>D-Fraction</i>	9 mg
N,N-Dimethylglycine (DMG)	450 mg

Other Ingredients: glycerin, water, rosmarinic acid.
